Filters Recirculation Filtros Reticulación

Replacements Filter Bags for the Fountain Solution Recirculation systems on all presses.

Repuestos de Filtros de Bolsa para la Fuente del Sistema de Recirculación en todas las prensas.

APPLICATION

- Filters remove most contaminants ensuring a consistently cleaner fount, improving accurate monitoring of fount conductivity, reducing downtime and resulting in long press runs & less maintenance.

APLICACIÓN

- Eliminan la mayoría de contaminantes garantizando la constante limpieza de la fuente, permitiendo también una supervisión mas precisa de la conductividad de la fuente, lo que conlleva a un menor tiempo de inactividad de la máquina, tiradas más largas y a un menor mantenimiento.

TECHNOTRANS ALPHA D5 (058912610)
HEIDELBERG SM52/ SM74/ SM102
KOMORI LITHRONE 28/40
ROLAND 520/ 524 -

RANGE

- Technotrans, Royce and Baldwin

QUALITY

- Manufactured with a special material that ensures the most accurate filtering, even with high pressure of the tiniest dirt particles in the recirculation system.
- The high quality grade of the filter bags ensures a long and lasting filtering action for several production cycles.
- Made with multilayer – designs in high quality felt, polyester or nylon filters. Carefully fabricated and provided with a wide assortment of fittings ensuring easy of installation and compatibility with most presses on the market.

AVAILABILITY

- Special sizes can be made to order, subject to minimum production quantities.

GAMA

- Technotrans, Royce and Baldwin

CALIDAD

- Fabricado con un material especial que asegura una filtración más precisa, incluso con alta presión, de las partículas más pequeñas de suciedad en el sistema de recirculación.
- El alto grado de calidad de los filtros de bolsa, asegura una acción de filtración larga y duradera para varios ciclos de producción.
- Fabricado con múltiples capas – diseños en alta calidad de filtro, poliéster o nylon. Cuidadosamente fabricados y provistos de una amplia variedad de accesorios que garantizan una fácil instalación y compatibilidad con la mayoría de las prensas del mercado.

DISPONIBILIDAD

Medidas especiales pueden ser fabricadas bajo pedido, sujeto a cantidades mínimas de producción.
